

M-FHAKTOR

FACE, NECK AND CLEAVAGE CREAM

MABO *farma*

WHAT IS M-FHAKTOR?

M-FHAKTOR is a facial cream containing Centella Asiatica (T.E.C.A), Hydrolyzed collagen and Aloe Vera that contributes to the rejuvenation of the skin, helping to fight wrinkles and providing luminosity to the skin. It also enhances the recovery of reactive skins to cold and heat.

MAIN COMPONENTS OF M-FHAKTOR

CENTELLA ASIATICA (T.E.C.A)

The active (T.E.C.A) is obtained from the extract of Centella asiatica. It contains genins, triterpenes, polyphenols and flavonoids, substances with therapeutic properties that in cosmetic act on wrinkles and stretch marks, attenuating and preventing their appearance. It also works as a moisturizer and tensioner of the skin. It has anti-inflammatory and antioxidant action that fights free radicals.

HYDROLYZED COLLAGEN

Due to collagen, moisturizing effects are achieved in the short and long term, as well as protecting the keratinocytes and the epidermal cells against the signs of aging. It improves the softness of the skin and its firmness, as well as the condition of the skin, which leads to a visible reduction of wrinkles.

ALOE VERA

The action of its natural nutrients, minerals, vitamins, amino acids and enzymes, stimulate the reproduction of new cells. It is also an important cell regenerator, toner and high penetration in the skin. It is an excellent enhancer in protective preparations. It has revitalizing, moisturizing, soothing and refreshing properties.
